

## COMMUNICATIONS REPORT, AGM 21/10/19

### **Our Intention:**

To maintain, and improve upon, the good communication we have with our members. Using our website, email, posters in shops, and occasional print-outs.

### **During the year:**

- We updated, and added to, the contact details of our members.
- We have 238 paid up members for 2019 (households). Last year we had 288. That's out of approximately 375 households within our area, including the apartments. 286 email addresses, 291 mobile phone numbers
- We added relevant posts and information to the website over the year.
- We have sent out 20 emails to members through our Google Group since last year's AGM.
- Occasionally we did some leaflet drops to members who don't have email.
- We designed, printed, put up posters in the local shops before any events or clean-up days.
- We sent out 2 NW text alerts (in Jan) through our online community alert system.
- We didn't publish any memoirs this year. However we did get some great photos from Con Carroll of Mount Carmel Road of the floods that happened in 1963. You can see the photos on the website. If anyone has any interesting historical photos or would like to write up something for us, we'd be very happy to hear from you.
- We put up our banking details on the website, so you can now pay your annual subscription as a standing order, or through your online banking. And we are trialling a card reader too, so no excuses if you don't have any cash at hand.
