

Roebuck Residents Association

9 December 2019

To all in the Roebuck Residents Association,

I would like to thank all of you for your recent fundraising and the very generous donation of €444.

Every donation you make and every fundraising activity you arrange is greatly appreciated and it helps many older people who are in need of support, a home or simply someone to talk to. Sadly, ALONE is needed even more so at this time of year when the weather is colder, Christmas quickly approaches and too many older people feel lonely and isolated more than they normally would.

At ALONE we have been working with older people to help them solve issues around loneliness, health, housing and finance for 42 years. ALONE have over 1,800 active volunteers that are trained and supported by professionals, and our services are quality approved, ensuring we are high value and low cost. However, our work would be impossible without the support of people like you, so thank you again for making such a wonderful difference.

If you ever have any questions about of the work of ALONE or how your donations are spent, please do not hesitate to contact me.

Yours sincerely,

Phillip Massey
Fundraising Executive
